BOOK AIR NOW BEFORE RATES INCREASE!

BENEFITS OF BOOKING AIR WITH AVANTI

Avanti Destinations has well negotiated contract airfare with all the major US and International airline carriers. The competitive rates and flexible payment options are great benefits for your customers, while the PNR management by Avanti is a fantastic time saver for you.

LOCK IN & GUARANTEE AIRFARE NOW

Our optional air deposit of \$400 per ticket in economy/premium economy or \$1,000 per ticket in business/first class guarantees the rate without further air price increases on the quoted air record.

HOW DOES THIS WORK?

Avanti pays the full fare of the ticket through ARC at the time of deposit, and your clients pay the outstanding balance to Avanti 60 days prior to departure with their final payment.

WHAT ARE THE TERMS?

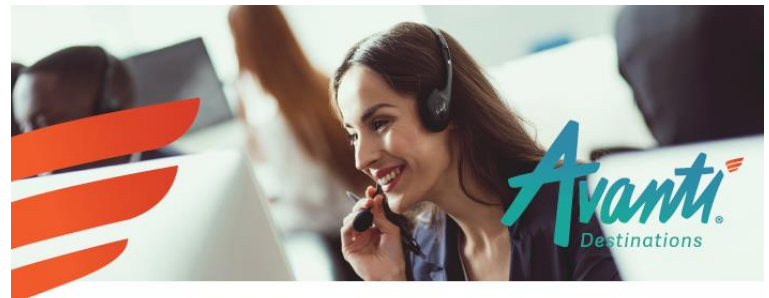

With contract airfare, a minimum of 3 nights* hotel must be purchased, and the deposit is non-refundable. Note: Published airfare tickets need to be prepaid in full to lock in the price.

LET US MANAGE THE SCHEDULE CHANGES & PNRs

As travel professionals, you and your customers are no doubt frustrated by the number of airline schedule changes right now, and so are we. While our Air Department does a great job in managing all your PNRs and works diligently to keep up with all the changes, priority will be given to departures taking place within the next 60 days.

* Some carriers require a 5 night hotel minimum for business/first class airfare.
